

### **2.3.2 Institution facilitates the use of Clinical Skills Laboratory / Simulation Based Learning.**

**To develop Clinical Skills institution is having good Simulation laboratory . Along with this various simulation models are also available at various departments to develop student's clinical skills during routine practical's& clinics.**

1) Institution has good teachers having clinical and practical laboratory skills. 90% of teachers from institute are having higher qualification like MD in their respective subjects and they all are approved teachers of MUHS. 11 teachers from the institute are Ph.D scholars from MUHS, Nashik.

2) Institute is having structural programs for students training. Teachers are preparing advance teaching plan for each year and they are following it strictly.

#### **3) First year students -**

**Anatomy** - Students perform dissection & surface marking in which they learn exact location & relationship of different body parts.

**Physiology** - Students learn to monitor pulse, blood pressure, temperature and respiratory rate. They also learn to interpret various charts like E.C.G., Snellen's chart, Ischehara's chart, Various muscles curves, Perimetry, Pulmonary volumes etc.

**Pharmacy** - students learn to prepare different drugs from different drug sources & their application in clinical practice.

#### **4) 2<sup>nd</sup> year students-**

**Pathology-** student learn to perform test on abnormal constituents of urine, blood smears, CBC, widal test, and various biochemical clinical related test like RFT, LFT and how to diagnose a disease according to it. FMT- information of poisons, weapons and ballistics are given to patients. Also visits to court, police stations are carried out.

5) **3<sup>rd</sup> year students-**

**Surgery-** different procedures like suturing, minor surgeries and major surgeries are observed by students

**Gynecology and Obstetrics** - students are supposed to watch normal and C-section deliveries and maternal and child health care. Regular clinics to develop Ob/Gyc clinical skills are conducted by Dr. Kanase S.C. (M.D. DGO )

6) **4<sup>th</sup> year students-**

**Medicine-** special clinics to develop clinical skills are organized by Dr. Kanase C.A. (M.D Medicine,) HOD, Prof. Dept of Medicine, to convey better clinical knowledge to students

**Repertory-** students are encouraged to use various computer repertories like Homopath MD, Radar, Cara etc. by Dr. Soman and Dr. Awari.

**Community medicine-** various field visit like visit to industries, milk dairy, water purification plant, etc. are organized to develop clinical skills of students. Various health check up camps are organized by Dr. Thorat S. and Dr. Patil S. to serve nearby community.

7) **Organon and Homoeopathic materia-medica-** and art and science of case taking is taught to students from 2<sup>nd</sup> year onwards and they are also taught regarding interpretation of information of case taking while treating the patient.

8) Regular **Training programs** are conducted to develop student clinical skill every Wednesday under teaching and learning methods. Under this program one disease is selected at each month. On this disease various activities are conducted like seminar, journal club, clinical meeting and case presentation by any one eminent faculty.

**For simulation based learning different technics are adapted by various departments of institute as follows**

- 1) Use of different models by teachers for teaching their topic
- 2) Use of various simulation videos related to their topic.
- 3) Use of various videos related to their topic.

Record of these videos is preserved in all departments & displayed by teachers in seminar hall where internet facility is available. Facility to show online videos is also available in institute at seminar hall.

**Simulation Laboratory: Replica of the procedures**

- i. Skills laboratory (OPDs): Hands-on-experience
- ii. Necessary information with Geo-tagged images are attached with this annexure.

**Simulation demonstration of Liver by Dr. Unde D.D. (Asso.Prof.) Dept of Anatomy.**

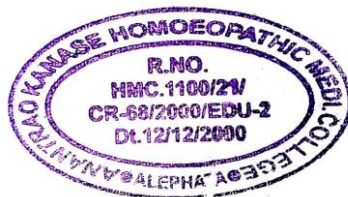

Basic life support ***Simulation demonstration*** by **Dr. Kulkarni A.A.** (Asso. Professor) Dept. of Practice of Medicine

Special training of CPR module is given to students of all years, Nonteaching staff, Hospital staff & all teachers every year on simulation models by Department of practice of Medicine & Interns. Certificate is also issued to all participants after finishing such course.

**Interns & Faculties of the institute conducting CPR training on simulation models.**

CS Scanned with CamScanner

Department of Obstetrics & Gynecology & Department of Surgery also performs various experiments by using Simulation Models. Dr. Kanase S.C. Professor & H.O.D. Dep. Of Ob-Gy& Dr. Jarad S.S. Assistant professor, Dep. Of Ob-Gy are demonstrating various Obstetric procedures to students on Simulation models on regular basis.
