unity for betterment

The event of different talents coming together to form a canvas filled with unimaginable beauty. The budget was just 500 per head but the love, friendship and colours I witnessed the whole time was priceless.

Dr.C.A.Kanase & Dr.Saraswati kanase mam were a big functional part of the gathering Dr.nikhil kanase & Dr.yogeshree kanase mam gave their whole and soul to the gathering. All the four founder members participated in the gathering & made it even more successful & beautiful by their presence

The onset of the gathering atmosphere started from the 6th of February with a lot of energy and Soul students put in to their respective sports.

The sports ended with cries of joy and dismay on the 18th but the excitement of days and dressing up had already over shadowed it all since the 14th

It was very important for us to form certain committees and divide the tasks so as to make every event a success. These committees were incharge of individual duties such as Food, Security, Stage, Decoration and such this helped us to understand the requirements of each department and plan everything accordingly. There were times when everything around me felt so different and beautiful.

The days which were celebrated bought out the creativity and the talent of every individual.

Halloween, Fun Fair, Cultural and other interactive events increased confidence and creativity within me. It felt good to be surrounded in such a beautiful atmosphere off unfilled light environment.

The sports bought out so many talented players forward and it was also a good ice breaker for the juniors to mix with the seniors.

The girls sports events turned out to be the most memorable for the first year students as well as others.

All in all; the gathering was a big success! It was the perfect break for everyone to loosen up a bit before examinations.

Gathering also bought the seniors and juniors as well as the teachers closer and a better rapport was established. Personally, the gathering was a team work process and I am proud to have been a part of something so wonderful! Unfortunately, all good things come to an end and so did this on the 22nd of February.

Each day was planned and celebrated very differently. From the dress code to the events everything was designed and planned out to be varying so as to explore our creativity as much as we could.

14th February was the onset of days of the gathering. We celebrated this day of love with a red, white and black dress code and a fun time of musical chair.

15th February went in blue. The Denims matched the colour of everyones shaken soul due to the attack on Pulwama. The day was boycotted and condolences were given to the souls lost in the attack.

16th February was the epitome of Indian culture and ethnicity. Saree day adorned the beauty of every woman's soul and ties depicted the nature of every man. Later in the evening, fun fair was celebrated with stalls of food and art items put up by the seniors for everyone to enjoy.

17th February checked the creativity of everyone to convert a simple design of checks into beautiful unique fashion masterpieces.

The 'Nikhaar' competition was a beautiful success of cosmetic arts done by the girls in limited

was celebrated the same night, and it was scary as well as creative. It was actually one of the best events of the gathering which turned out to be more than we expected.

18th February was the day of social service. Students and teachers were allotted different areas of the Alephata to be cleaned. Red Carpet Night was an interactive event between the juniours and seniors. Dares and dances were a great part of the event and the most surprising part was that mostly everyone was confident enough to come out and participate actively on the stage.

19th February, the day we celebrated the greatness and valour of a majestic hero. A procession was taken out from the college till the phata to celebrate Shivaji Jayanti in a very traditional way. This day was a literal depiction of what the Maharashtra culture is. The day went by in the rhythm of legumes, dhol, tashas and crowds filled with traditional navvari's and kurta's. An elocution competition and a story speech by Sakshi Mule was arranged and organised by the committees.

20th February was the day of staff-student matches and refreshing games which took us down the memory lane. Treasure Hunt was the biggest event amongst lemon-spoon race of the staff members. The 3rd year won the treasure hunt with exceptional thinking skills and logic.

Sarpanch 'Sundertai Kurhade' graced us with her presence on 21st February by lighting the lamp and beginning the Cultural day. Condolences were given after the initial aarti and thus the programme of beautiful heart touching dances started. Women Empowerment was given a voice by a fashion show done and organized completely by girls. A Bollywood round was also organized in the fashion show which showed the creativity and hidden talents of the students who were in it as a team.

22nd February was the last day of this whole fun filled event. As this was the concluding day of the Oasis 2k19 we celebrated it by a beautiful night of melodious voices and eloquent anchoring done by the students as well as the staff members. Both the days were completely successful only due to the hardwork, dedication and co-operation of the students. Mainly, the delicious and savoury food was prepared by the students and was successful. Prizes were distributed for the best in each of the categories.

Although the complete focus of the event was on the students and their talents, it wouldnt even have come to life without the dedicated and precious help from the Principal, Mr. Dr. K.V. Gholap; the General secretary Dr. Thorat sir and the General Secretary Reshmi Pushpan. I would like to extend a heartfelt and sincere thanks towards them for making this event come to life.
