INTERNATIONAL MILLETS YEAR 2023

9th February 2023

Venue: Krushi Vidyan Kendra, Narayangaon.

Guided by: Dr.K.V.Gholap (Principal)

NSS Officer: Dr.Snehal Patil

NSS coordinator: Komal Mahajan

Sandip Shejli

Volunteers: 4th year batch Of AKHMC&H

The cultivation and consumption of millets has persisted in India since ancient times. For centuries, people all over the world have relied on millets as a healthy part of their diet. They are high in protein, fibre and iron—and are also gluten-free! To raise awareness about millets, the United Nations, at the behest of the Government of India declared the coming new year as the International Year of Millets 2023. The proposal by India has been accepted by 70 countries and counting. In accordance with it an exhibition was arranged by Krushi Vidyan Kendra, Narayangaon at which the volunteers from Anant Rao Kanase Homoeopathic medical college and hospital presented The Millets-Model at exhibition with necessary information regarding it on 9th February 2023.

The prize Distribution was arranged by the organization on 12th February to appreciate all the participants and workers. Everyone was provided with a memento and saplings as token of appreciation.

Kufswami Medical Foundation's

Anantrao Kanase Homoeopathic Medical College and Hospital

Department Of Community Medicine

Report - Health Awareness Activity

Date - 30/06/2023 Day - Friday

Place of Activity - Natha Baba School, Rata

Activity - Health Awareness on Mosquito Borne Diseases (Dengue and Malaria) Mosquito Control Measures of Community

Teacher incharge - Dr. Theerth Samthya, HOD, department Medicine

Participants - Eleven Final BHMS students and NSS volunteers

With prior permission from Principal of Natha Baba School located at Rata and Medical Officer of Primary Health Center, Rata. Department of Community Medicine of Anantrao Kanase Homoeopathic Medical College and Hospital, Nashik conducted health awareness activity on " Mosquito Borne Diseases (Dengue and Malaria) and Mosquito Control Measures" on 30th June 2023. The team departed from college at 12: 30pm and after completing the health checking camp and health awareness activity at Natha.

The team members enthusiastically interacted with secondary school children and asked them whether they have seen mosquitoes in their surroundings or whether they have experienced mosquito bite in their life. Then by recognizing their curiosity our team members skillfully attended them about mosquitoes and diseases like Malaria and Dengue which spread by mosquito bite. They also pointed images for health education purpose. From the team members, Lecturers, Bhagyalaxmi and Runda interacted with school children and informed them about how they can protect themselves against mosquito bites. They emphasized on use of mosquito nets as more effective measure of personal protection against mosquito bites. To make this activity interesting our students chanted "Gappi Naar - Cambodia Affair" for effective control of mosquito larvae. Thus the vector team motivated these school children for their protection against mosquito bites and preventing mosquito breeding by using Gappi Naar, which are distributed from Primary Health Center, Rata.

This activity helped to develop positive and negative disease of our students.

Letter of Appreciation

Respected Sir

I am pleased to report that on June 03, 2023, a field activity on Awareness about Mosquito-borne

Diseases conducted at Kasturba Secondary and Higher Secondary School, Rite Department of Community Medicine and National Service Scheme unit of Ajitham Kanase Homoeopathic Medical College and Hospital located at Alaphata conducted this activity. Total 600 students and

Students of the NSS unit actively participated in the Mosquito Borne Diseases activity. They informed our students about different species of mosquitoes, Diseases transmitted by anophel and aedes. They made our students aware about

different mosquito breeding places. They emphasized on "artificially stored water" as a breeding place of aedes mosquito and importance of "Dry Day" in controlling breeding of aedes mosquito. The team members motivated our students about their role in

preventing mosquito breeding in their area. Our students learned their own role in this

Antidoteless Month activity. The activity was conducted under guidance of NOD of department of

Community Medicine and Program Officer of NSS with Dr. Parth Sarathi J. Dr. Sharada Khosla

I give best wishes to the team members of this activity and medical college. I hope such activities will be

continued in the future as well.

An health checkup camp was held by the NSS Unit of AKHMC&H for the children at Shree Foundation, Khanapur. The camp started at around 10 AM. The NSS volunteers were divided into 4 groups as The recording group, case taking group, eye check-up group and drug dispenser group to facilitate good and effective service to the children. General health checkup along with the eye checkup, which included to determine the refractive error, color blindness was held down. All the health status of the children were mentioned in their health card given by their school. Required medical reference were given by the volunteers during the check-up. Nearly all students of various age group were benefited by the camp. The camp at around 2 pm.

The aim motto of such camp was to let the Student's or community be benefited by the service and it's a step towards idealism.

Shivjayanti Celebration Report

*Date: 17th Jan 2024

*Location: Anant Rao Kanase Homoeopathic Medical College And Hospital

*Headed by: Dr. K. V. Gokul (Principal, AIIMCER)

Dr. Maheshwari, Durgam (BAMS MD, NEE Officer)

*With coordinator: Gagan Kumbhar

Senior Medical

Overview

On the occasion of 17th Jan 2024, the MD unit of Anant Rao Kanase Homoeopathic Medical College and Hospital, Dhule celebrated Shivjayanti. The following activities were done by students.

Activities

- "Traditional Ceremonies": Rituals and prayers were performed to pay homage to Chhatrapati Shivaji Maharaj, including garlanding of his portrait and recitation of hymns.
- "Cultural Performances": Folk dances, music performances, and skits depicting episodes from Shivaji Maharaj's life were staged to entertain and educate attendees about his valor and leadership.
- "Lectures and Discussions": Expert speakers delivered talks on the life and achievements of Shivaji Maharaj, highlighting his contributions to Indian history and

Highlights

- The enthusiastic participation and reverence shown by attendees reflected the enduring admiration and respect for Shivaji Maharaj across generations.
- Cultural performances showcased the rich tradition and values instilled by Shivaji Maharaj, fostering a sense of unity and pride among Maharashtraites.
- The event served as a platform for cultural exchange and dialogue, promoting understanding and appreciation of Maharashtra's history and heritage.

Conclusion

The Shivjayanti celebration was a vibrant and memorable tribute to Chhatrapati Shivaji Maharaj, reaffirming his enduring influence on the collective consciousness of Maharashtra. It reinforced the importance of preserving and propagating his legacy of courage, justice, and patriotism for future generations.

*Organized by: 4th year batch, along with students council

Subject : Permission to conduct "Public Health Awareness Activity on Tuberculosis" on occasion of World Tuberculosis Day.

Respected Sir/ Madam,

With reference to the above mentioned subject, ANHC and it in collaboration with Primary Health Center, Neta would like to conduct health awareness activity about Tuberculosis for the patients visiting to the out patient department of PHC. World TB Day, 24th March 2024, continues with the theme "You, We can Beat TB". TB is still one of the world's deadliest diseases, that needs to be addressed. By taking this opportunity the department of Community Medicine and PHC unit of our college would like to conduct the health awareness activity through a play "Chala Bhaiyagale Jangam Ya". The synopsis features of the activity are,

- IEC and BEC activity for TB awareness.
- Awareness through a skill.
- Awareness about facilities available under National Health Program - NHP
- Motivation of participants.

We request you to conduct health awareness activity at Neta PHC and at Kulkarni Vasti. Please give us the details about your decision for participation in IEC activity, in this format provided for you.

6. Arjun Shinde
7. Sakshi Shinde

On the occasion of world TB day the NDD unit of Anant Rao Kanase Homoeopathic medical college and hospital arranged an TB awareness campaign under the theme "YES! To tuberculosis campaign to combat the TB". The awareness was spread through a chart which depicted the meaning of TB, its spread, precautions, detection, required medical treatment and special social service. One of the volunteer Sakshi Jangam gave idea about the government facilities and schemes provided to TB patients.

Finally lots of thanks was given and the campaign ended. The overall objective was to promote the medical knowledge about TB and to detect the social issues that arise as obstacle to overcome TB.

**Subject - Conduction of "Public Health Awareness Activity on
Tuberculosis"**

Respected sir,

I am Pleased to report that the department of Community Medicine and NSS unit of your college conducted health awareness activity at Primary Health Center, Bots and at Kurhade Vasti. This activity was conducted on occasion of "World Tuberculosis Day" observed on 24th March each year. They performed a slit on tuberculosis as a part of the awareness activity. The activity was conducted on Wednesday, 28th March, as permitted by us. Department of Community Medicine and NSS unit of Anantnar Kanwar Homoeopathic Medical College and Hospital participated in this activity in collaboration with Primary Health Center, Bots. This activity was conducted under guidance of Dr. Thirai Sandhya and Dr. Seemab Sushrut.

I give best wishes to the team members and college.
I hope such activities will be conducted in future as well.

HOMOEOPATHY ENHANCES SELECTION OF HEALTHY LIFE EVERYDAY.....

**Report for World Homoeopathy Day / 269th Hahnemann Day
10 April 2024,**

At AKHMC & H

Guided by Dr. K.V. Gholap. (Principal AKHMC & H)

Dr.Vibhavari Krupte. (BHMS. MD , NSS officer.)

NSS Coordinator : Gunjan Kamble.

Jeevan Rathod.

On 10 April 2024 World Homoeopathy Day was celebrated at Anantkar Kausar Homoeopathic Medical College Alaphata, Pune. This world homoeopathy day being celebrated as Hahnemann Day and this being the 269th Hahnemann Day. This programme was started by lamp lighting done by Our Principal Dr. Gholap sir and the chief guest. Also for this occasion as Guest of honor the alumni committee along with the two alumni speakers were invited. They were being felicitated by Dr. Gholap K. V. Sir. With this the program proceeded, involving students active participation.

Wherein students participated actively thus the program was initiated with speech delivered by Shreya Bhurvelkar 3rd year. This speech mentioned about the homoeopathy and the struggle of Sir Dr. Hahnemann in evolving Homoeopathy. Along with it the speech was also filled up by graceful words of cure in homoeopathy and the title being " Homoeopathy do not cures the disease it cures the person as whole"

For this occasion the host were Miss Anjali Ghambureli Miss Sneha Mishra from 3rd year. This program was with held in presence of Principal Dr. Gholap K. V. sir and all the respected teachers. Also all the students were present to attend this auspicious occasion. The whole program was being centered towards the welfare and the fruition scope of homoeopathy in medical sciences. With the sparkle of all these parts the programme marked an end thus involving the extension of vote of thanks which was being delivered by Dr. Anare madam.

Description:

805 volunteers and 84 coordinators received. Initial roster around 12.500 a.m. members of AKHMC (nurses, pharmacist and staff) and pharmacists coordinated mental health camp. We introduced each other before the start of program.

Program of mental health awareness started around 10.15 a.m. Chief guest of program Mrs. Pooja Bhadage she had presented PSM and is working for the mentally ill patients.

Her first target the member of the whole patients were welcome the chief guest. Mrs. Pooja Bhadage presented psychologist, Dr. Kulkarni, a social worker.

After this, third year student Mrs. Deepa asked her valuable questions about early signs and symptoms of mental health, that is overthinking, anxiety, eating and sleeping habits, social behavior, she also mentioned about drug addiction can have effect on mental health.

After this program, Mrs. Kulkarni gave them certain few short quiz, answer daily weight, meditation which help patients to live from the mental stress.

The wonderful suggestions of medication and exposure for medicines to patients.

Then Mrs. Kulkarni from 18th year hospital a lot to the patient by introducing about telemedicine helpline number 14424 which is government authorized number and patient share their personal issues from groups of the patient is introduced.

Then Mrs. Kulkarni and Mrs. Kulkarni from the gallery of the camp center share their experience and share mental symptoms to them.

After this program, Mrs. Kulkarni and she requested to conduct this awareness program every year and it just helped for the patient as life "Drawing past catches at now".

Principals Remarks:

Students from 18th year participated the awareness program and thank all the members for giving opportunity to conduct this program. Program ended at 11.00 a.m.

National Service Scheme Report of Blood Donation Camp

Date - 10 May, 2024

Venue - AKHMC and H

Guided by - Dr. Ghulap K.V (Principal AKHMC)

Dr. Pritil Sonhal (BAMS M.D., MBBS (Hons))

Dr. Khapte Vibhavari (BAMS M.D.)

Co-Ordinator - Kamble Gunjan

Kathod Jeevan

On 10th May 2024, Blood Donation Camp was organised at Anant Rao Kanase Homoeopathic Medical College and Hospital, Akhona, Pune.

Around 24 people, including students and staff members donated blood. A small attempt was made by the team to bring a ray of hope to contribute to serious problems of acute shortage of blood.

Our college organises such camps every year or at interval of few months. Students and faculty member come voluntarily to donate blood.

The team which organises the camp addresses the crowd and spreads awareness regarding blood donation.

Blood donation can save life of innumerable persons. Donation of blood is very crucial for saving life's of many patients who have met with an accident recently and have severe blood loss.

It's such a great service of humanity and contribution to society and people living in it.

The objective of this camp was to collect blood and spread awareness among people.

Principal
Anant Rao Kanase Homoeopathic
Medical College & Hospital
Akhona, Pune

The team, initially addressed the volunteers and checked their haemoglobin and blood group, whether they are having enough blood to donate.

Then they gave blood bags to everyone and asked them few questions regarding their health condition whether they had any recent or major surgery recently or in past, if they are suffering from blood pressure or diabetes. Asked the female volunteers about their menstrual health.

After taking proper history and precautions they collected blood by taking proper aseptic precautions and looked after the overall health of volunteers after blood donation.

The names of volunteers who donated blood are-

And at last they thanked all the volunteers and gave them a certificate and gift to appreciate their responsibility towards the world.

In this way, the blood donation camp was successfully completed at AVMHC and it, blood donation is simple, safe and pain free.

Process that can help save lives and improve the health of donor as well as of recipient.

Thank you!!

Subject: Formulation to conduct "Swachhata Abhiyan on occasion of World Environment Day", at Mahwad.

Respected Sir/ Madam,

With reference to the above mentioned subject the department of Community Medicine and Public Health of ANHC and it would like to conduct Swachhata Abhiyan (Village Cleanliness Campaign) at Mahwad, in order to promote environmental sustainability.

Each year 5th June is observed as "World Environment Day". As you know, it is good platform to raise awareness about environmental issues and to conduct cleanliness activities. Clean village is essential to maintain health and also it plays vital role in protecting the environment and our planet.

Therefore we would like to conduct village - wide cleanliness drive that include following activities:

- Cleaning of common areas
- Cleaning of school campus
- Cleaning of Anganwadi campus
- Collection of general waste
- Proper disposal of collected waste

Kindly permit us to conduct the activity at Mahwad.

Please give us the details about your Swachhata Abhiyan activities, in this format provided for you.

Previous the programme -

Sub- Completion of 'Swacchta abhiyan' activity on
occasion of 'World environment day' at Malwadi.

Respected sir/ma'am,

With reference to above mentioned subject, the
department of community medicine and NSS team of AKHMC
& H have successfully completed their activity of swacchta
abhiyan at malwadi on 07th June, 2024.

They have conducted village wide cleanliness in common
areas, school campus, Anganwadi campus and also collected
the general waste. The proper disposal of collected waste is
done.

We would like to conduct such activity in future also to
protect our environment. This will definitely help to maintain
environmental sustainability.

Thank you.

The principal,

SHINER, S.S.

Shiner

Subject: Letter of appreciation for the Health Check-Up Camp and Diabetic Prevention Awareness Activity

Respected Sir,

With reference to above mentioned subject

I am glad to express my sincere gratitude for organizing the recent health check-up camp held at Shiner on 12th May 2024. The camp provided a valuable opportunity for the assessment of the health status of our school children. I was particularly impressed by the focus on the health of school children. Fracturing time with check-ups and early preventive care detection of potential health concerns but also factors a sense of well-being among them.

The information regarding diabetic prevention were highly important. The demonstration on diet preparation and hand hygiene were clear, practical and easy to understand. This information can be the most helpful guide, especially during times when diabetes outbreaks are more common. It was also about the very guidelines to be followed during episodes of diabetes was helpful. A question-answer session was organized by the staff who was interesting and informative as well.

I would like to thank the department of Elementary Education and YES team of ANMC and express our gratitude to all of them.

THANKING YOU

Respect

Subject: Permission to participate in "Stop Diarrhoea Campaign (1st July - 31st August) 2024

Respected Sir/ Madam,

With reference to the above mentioned subject, ANMCH and it is collaborative with Primary Health Center, Bina would like to participate in "Stop Diarrhoea Campaign 2024" and to conduct awareness activity about "Acute Diarrhoeal Diseases" for the school children and teachers of your school. Ministry of Health and Family Welfare has launched National Stop Diarrhoea campaign to tackle the major problem of childhood diarrhea in our country. The slogan is "Diarrhoea ki Sehat, Sehi se (ORS se Badiya Apna Dima)" by taking this opportunity the department of Community Medicine and HOD unit of our college would like to conduct the health awareness activity by demonstrating preparation of "Home made ORS - (Jalshirsha)". The main features of the activity are,

- Creating awareness about acute diarrhoeal diseases of infectious origin.
- Importance of hand hygiene in preventing infectious diarrhea.
- Demonstration of hand washing.
- Demonstration of ORS - (Jalshirsha) preparation at home.
- Role of zinc tablets in diarrhea treatment.
- Addressing the malnutrition, important contributor to diarrhea morbidity & mortality.
- Motivation of participants.

Gaily permit us to conduct health awareness activity at S.P. School, Bina. Please give us the details about your decision for participation in JFFC activity, in the format provided for you.

Subject:- Conduction of "Stop diarrhoea campaign" for school children and teachers.

Respected Sir,

I am pleased to report that on Friday, 20th July 2024, "Stop diarrhoea campaign" was conducted at Z.P. School, Mahwal. Department of Community Medicine of Anantnag Jammu Homoeopathic Medical College and Hospital conducted this activity. The team members communicated with the students. They demonstrated ways of hand washing and preparation of ORS at home. They informed the students and teachers to visit primary health centre in case of increased frequency of stools or change in character of stools and to start homemade ORS as the initial part of management. The team members advised (boys and) children to inform the things to their family members. The activity was conducted under guidance of Dr. Thounthoudiya.

I give best wishes to the team members and college.

I hope such activities will be taken in future as well.

Subject: Permission to conduct "Geriatric Health Camp through Ajayashree Kanya Manoir".

Reference: AYUSH letter No. - २६४५/Geriatric Health Camp/१५५५/२०११ - १/२०११

Respected Sir/ Madam

With reference to the above mentioned subject, the letter "Geriatric Health Camp/2011/AYUSH/6921" dated 28th July 2011, AIOHPC and it in collaboration with Primary Health Center, would like to conduct geriatric health camp. Generally elderly population is registered in our societies and they lack access to good healthcare although they are more prone to various health issues like chronic diseases, cognitive decline, etc. To handle this need, the department of Community Medicine and NIS unit of our college would like to conduct the health camp for the geriatric people in the area served by the PHC.

The unique features of the activity are:

- History taking and consultation
- Anthropometric measurements like weight, BMI, etc.
- Malli
- Blood pressure measurement
- Treatment with AYUSH Homoeopathic medicines
- IEC and BIC activity about healthcare in geriatric age group
- Awareness about healthy aging
- Awareness about facilities available under National Health Program for geriatric health problems.

Kindly permit us to conduct geriatric health camp at २६४५/१५५५/२०११ in collaboration with PHC. Please give us the details about your decision, in this format provided for you.

Subject - Conduction of geriatric health check up camp of residents of Malavalli,
Kuchibhotani
and Bhalevasi.

Respected Sir,

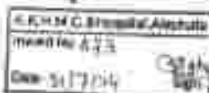

I am pleased to report that on Friday, 20th July 2024, "Geriatric Health Check Up" was conducted at Malavalli/Bale Anantpur Malavalli Department of Community Medicine of Anantpur Karnatak Veterinary Medical College and Hospital conducted this activity. The team members enquired about complaints, conducted physical examination, carried out anthropometric measurements like BMI, recorded blood pressure and distributed homeopathic medicines as the required patients persons.

The team interacted with the geriatric residents of Malavalli, Kuchibhotani, and Bhalevasi. They advised common things like stay hydrated, take balanced diet, take adequate sleep, do meditation, do simple exercises regularly, monitor blood pressure and sugar regularly, to visit primary health center for obtaining the services available.

The activity was conducted under guidance of Dr. Tharun Sundhara.

I also left welcome to the main minister and college.

I hope such camps will be conducted in future for the people facing age related health problems.

To,

Minister, AYUSH,

Ministry, Health, Government of India

Subject: - Presentation to conduct "Geriatric Health Camp, through Ayushman Arogya Mandali"

Reference: - AYUSH letter No. - 2445, Geriatric Health Camp/11/11/2013 dated 11/11/2013
Respected Sir, Madam,

With reference to the above mentioned subject, the letter "Geriatric Health Camp/11/11/2013" dated 11/11/2013, AYUSH and it is in collaboration with Primary Health Centre, Madhav Nagar, would like to conduct geriatric health camp. Geriatric elderly population is increasing in our society and they lack access to good healthcare although they are more prone to various health issues like (chronic illnesses, cognitive decline, etc.). To handle this issue, the government of Community Medicine and RCT unit of our college would like to conduct the health camp for the geriatric people in the area served by the PHC.

The major features of the camp are:

- History taking and investigations
- anthropometric measurements like weight, BMI, etc.
- Blood pressure measurement
- Treatment with AYUSH - Homoeopathic medicines
- RCT and RCT activity about healthcare in geriatric age group
- Awareness about healthy aging
- Awareness about healthcare available under National Health Program for geriatric health problems

Kindly permit us to conduct geriatric health camp in PHC in collaboration with PHC. Please give us the details about the place in this letter provided for you.

Respectfully the programme -

Letter of Appreciation

To,

The Principal,

Aravind Kanak Viswamorphic Medical College,

Alappuzha.

Subject - Conducting of geriatric health check up camp Rada Samadhi Namdhir, Al.

Respected Sir,

I am pleased to report that on Wednesday, 31st of July 2024, Geriatric Health Check up was conducted at Rada Samadhi Namdhir at Department of Community Medicine of Aravind Kanak Viswamorphic Medical College and Hospital conducted this activity. The team members equipped with instruments conducted physical examination, carried out anthropometric measurements like BMI, measured blood pressure and distributed homeopathic medicines to the required geriatric persons.

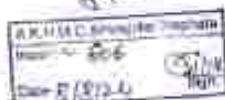

The team interacted with the geriatric residents of our old nearby village. They advised common things like stay hydrated, take balanced diet, take adequate sleep, do meditation, do simple exercises regularly, monitor blood pressure and sugar regularly, to visit primary health centre for checking the various medicines, etc.

The activity was conducted under guidance of Dr. Thiruv. Sridharan.

I give best wishes to the team members and village.

I hope such camps will be conducted in future for the people facing age related health problems.

Letter of Appreciation

To,

The Principal,

Aravind Kanara Homoeopathic Medical College,

Alipatra

Subject - Conducting of geriatric health check up camp at Barami Samarth Mandir, Alipatra.

Respected Sir,

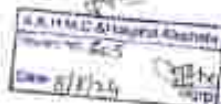

I am pleased to report that on Thursday, 1 Aug 2024, "Geriatric Health Check Up" was conducted at Barami Samarth Mandir, Alipatra. Department of Community Medicine of Aravind Kanara Homoeopathic Medical College and Hospital conducted this activity. The team members enquired about complaints, conducted physical examination, carried out anthropometric measurements like BMI, measured blood pressure and distributed homoeopathic medicines to the required geriatric persons.

The team interacted with the geriatric residents of old and nearby villages. They advised common things like stay hydrated, take balanced diet, take adequate sleep, do meditation, do simple exercises regularly, monitor blood pressure and sugar regularly, visit primary health centre for obtaining the services available, etc.

This activity was conducted under guidance of Dr. Chetan Samthya.

I give best wishes to the team members and college.

I hope such camps will be conducted to aware the old people facing age related health problems.

Subject - Permission for conducting awareness about "Breast Feeding" on occasion of Breast Feeding Week, observed in first week of August.

Respected Sir,

With reference to the above mentioned subject, Anant Rao Kanase Homoeopathic Medical College and Hospital wants to conduct awareness about breast feeding on occasion of Breast Feeding Week, observed in first week of August next year. In 2002 World Health Organization recommended exclusive breast feeding for (first) six months of life and artificial feeding improves health and well being of mother as well as baby, we would like to spread the message visiting to PHC for ANC about significance of breast feeding. Our objective is to educate program and lactating females about breast feeding and motivate them for the same.

I hope you will grant us the permission to conduct the awareness activity at your center.

Thanks and regards,

Subject - Conduction of "Breast Feeding Awareness Activity" on occasion of "Breast Feeding Week" observed from 1st to 7th August each year.

Respected Sir,

I am pleased to report that on Wednesday, 7th August 2024, "Breast Feeding Awareness Activity" was conducted at PHC, Bita Department of Community Medicine of Anantnagar Kanase Homoeopathic Medical College and Hospital conducted this activity in collaboration with Primary Health Center, Bita. The team leader educated our ASHC attendees pregnant females about importance of breast feeding with special emphasis on hygiene before, during, after feeding, maintaining good diet during lactation. The team very well discussed and demonstrated different postural breast feeding. They educated the attendant about good latching. For this educational activity they used different posters for visual communication. They interacted personally with the pregnant mothers and motivated them for breast feeding and feeding of colostrum. The activity was conducted under guidance of Dr. Thorat Jadhav.

I give best wishes to the team members and college.

I hope such activities will be conducted in future as well.

Handwritten signature of Dr. Thorat Jadhav and a rectangular stamp. The stamp contains the text: 'Anantnagar Kanase Homoeopathic Medical College', 'Bita', and 'Dr. Thorat Jadhav'.

Subject - Permission for conducting awareness about "Breast Feeding" on occasion of Breast Feeding Week, observed in first week of August.

Respected Sir,

With reference to the above mentioned subject, Anant Rao Kanase Homoeopathic Medical College and Hospital wants to conduct awareness about breast feeding on occasion of Breast Feeding Week, observed in first week of August each year. In 2001 World Health Organization recommended exclusive breast feeding for initial six months of life and as breast feeding improves health and well being of mother as well as baby, we would like to aware the females residing in PHC for ABC about significance of breast feeding. Our objective is to educate pregnant and lactating females about breast feeding and motivate them for the same.

I hope you will grant us the permission to conduct the awareness activity at your centre.

Thanks and regards,

The breastfeeding awareness program was conducted at PNC, Aq on 30th August 2024 to educate and empower mothers and caregivers on the importance and benefits of breastfeeding. The program started around 11:30 am. The program aimed to promote exclusive breastfeeding for six months and address breastfeeding challenges in the community.

The main objective was:

1. To educate participants on the benefits of breastfeeding for mother and baby.
2. To demonstrate proper latching and positioning techniques.
3. To address common breastfeeding challenges and provide solutions.
4. To promote exclusive breastfeeding for six months.
5. To encourage support for breastfeeding among caregivers and family members.

Participants:

16 pregnant women.

9 new mothers.

14 caregivers (family members and healthcare workers).

Key Messages:

1. Breast milk provides optimal nutrition for infants.
2. Breastfeeding promotes bonding and attachment.
3. Exclusive breastfeeding for six months reduces infant mortality and morbidity.
4. Breastfeeding supports maternal health and well-being.

Activities:

1. Interactive presentations.
2. Demonstration of proper latching and positioning through role-play.
3. Group discussions and Q&A sessions.

The breastfeeding awareness program at PNC, Aq was successful in improving knowledge and confidence among mothers. The program ended with all 35 PM. Also, there is a need for sustained efforts to address challenges and provide ongoing support. By implementing the recommendations, we can promote exclusive breastfeeding practices and improve maternal and child health outcomes.

Ref :- MUXH Letter - No. H. H. (Health) Mumbai on 24/12/2023 dated - 12/12/23

Respected Sir / Madam,

With reference to the above mentioned subject, I am reporting permission to conduct "Community Health Camp" in the village Sape. This initiative is organized by Anant Rao Kanase Homoeopathic Medical College and Hospital in accordance with Maharashtra University of Health Sciences, Mumbai under the direction of Deputy Chief Minister.

The camp aims to provide essential health services to the villagers, including:

- ◆ General health check-up.
- ◆ Screening for hypertension and diabetes.
- ◆ Screening for under-sight, wasting and stunting.
- ◆ Free Homoeopathic management.
- ◆ Referral of needy patients to the government health centers.

→ *It is also a free of charge service.*

Our team of experienced healthcare professionals will conduct the camp ensuring that all necessary supplies are available and simultaneously create awareness about health services provided by the Government.

I look forward for your positive response. Thank for your dedication towards the well being of community.

Ref: MCHS Letter - M.S. Dr. Vignesh Kumar Kumar, D.O. No. 1407/2024, D.D. 14/03/2024

Respected Sir / Madam,

With reference to the above mentioned subject, I am requesting permission to conduct "Community Health Camp" in the village Mardaran. This initiative is organized by Anant Rao Kanase Homoeopathic Medical College and Hospital in accordance with Maharashtra University of Health Sciences, Nashik under the direction of Deputy Chief Minister.

The camp aims to provide essential health services to the villagers, including:

- ✦ General health check-up,
- ✦ Screening for hypertension and diabetes,
- ✦ Screening for underweight, wasting and stunting,
- ✦ Free Homoeopathic management,
- ✦ Referral of needy patients to the government health centers.

Our team of experienced healthcare professionals will conduct the camp ensuring that all necessary supplies are available and simultaneously create awareness about health services provided by the Government.

I look forward for your positive response. Thank for your dedication towards the well being of community.

Letter of Appreciation

To,
The Principal,
Assamran Kanwar Homoeopathic Medical College,
Alipahata.

Subject - Conduction of health check up camp at Mangarna.

Respected sir,

I am pleased to report that on Friday 27/04/2024, "General Health Check Up" was conducted at Mangarna, Department of Community Medicine of Assamran Kanwar Homoeopathic Medical College and Hospital conducted this activity. The team members engaged about 100 patients, conducted physical examination of persons of different age groups and distributed homoeopathic medicines to the engaged peoples. Along with health check up screening for hypertension, obesity, underweight, smoking and drinking was also conducted. The camp members also give referral letter to the engaged patients and treat patients about the services given by government. The activity was conducted under guidance of Dr. Himel Santhya.

I give this letter to the team members and college.

I hope such camps will be conducted in future as well.

A nutritional assignment camp at ZP school Malwath was held by the NIS unit of ANHMC&H at Malwath. The camp started at around 11:45 AM. The NIS volunteers were divided into 8 groups & started our camp. The health like registration, weight check, height check and checking were divided. We conducted a nutritional assessment of 30 students whose age ranges from 6 to 8 years. Zinc & D deficiency was strongly seen in most of the students. The camp was around at 1 PM. The whole motto of such camp was to let the community be benefited by the services and it's a step towards mission.

Subject: Conducting of nutritional assessment of school children

Respected Sir,

I am pleased to report that on Tuesday, 30th September 2024, "Nutritional assessment" was conducted at Z.P. School, Mirjola. Government of Community Medicine of American Kutch Homoeopathic Medical College and Hospital conducted this activity. The team members conducted physical examination for nutritional status and carried out some anthropometric measurements like weight and height of our school children (First to fourth standard). They created awareness about the national health day that there should contain different nutritional things in the garden (shak). The activity was conducted under guidance of Dr. Thomas Sandhu.

I give best wishes to the team members and college.

I hope such camps will be conducted in future as well.

Thanking You,

Dr. Thomas Sandhu

Subject :- Permission to conduct "Green Swastha Abhiyan on occasion of 10th anniversary of Swastha Abhiyan Mission" at adopted village Kute.
 Respected Sir/ Madam,

With reference to the above mentioned subject, the department of Community Medicine and NIS team of ANKMC and it would like to conduct Swastha Abhiyan (Village Cleanliness Drive) at Kute, in order to promote environmental sustainability.

Each year anniversary of Swastha Abhiyan Mission is observed on 28 October. As you know, it is great platform to raise awareness about environmental issues and to conduct cleanliness activities. Clean village is essential to maintain health and also it plays vital role in protecting our environment and our planet.

Therefore we would like to conduct village - wide cleanliness drive that include following activities.

- Cleaning of common areas
- Cleaning of school campus
- Cleaning of Anganwadi center
- Collection of general waste
- Proper disposal of collected waste

Kindly permit us to conduct the activity at Kute.

Please give us the details about your doctors for coordination of Swastha Abhiyan Activity, in the format provided for you.

Permission for programme :-

Sub- Completion of 'Swachhta abhiyan' activity on occasion 10th Anniversary of Swachha Bharat Mission' at Malwadi.

Respected sir/sa'am,

With reference to above mentioned subject, the department of community medicine and NSS team of AHHMC & it have successfully completed their activity of swachhta abhiyan at malwadi on 10th September, 2024.

They have conducted village wide cleanliness in common areas, school campus, Anganwadi campus and also collected the general waste. The proper disposal of collected waste is done.

We would like to conduct such activity in future also to protect our environment. This will definitely help to maintain environmental sustainability.

Thank you.
